

2nd Announcement

ICEDMP 2014

**2014 International Conference on Environmental
Disaster Management & Prediction (ICEDMP 2014)**
Gangneung, Korea, August 18~20, 2014

환경재해관리 및 예측(ICEDMP-2014) 국제학술회의
한국, 강릉시 2014년 8월 18일 ~ 20일

Organized by
Gangneung-Wonju National University (GWNJ), Korea

Sponsored by
**East Sea Fisheries Research Institute
National Fisheries Research & Development Institute (NFRDI), Korea**

강릉원주대학교에서 2014년 8월 18(월)~20(수)일에 "환경재해관리 및 예측(ICEDMP-2014)"의 국제학술회의를 7개 국제저널과 연계하여 개최하게 됩니다. 상세한 내용은

(1) 우선 밑의 웹사이트주소를 클릭하면, 첫 면이 나옵니다.

Dear Colleagues:

I would like to inform you an international conference, which will be held at our university, Korea and expect you to join in this conference with your colleagues, if possible.

The **International Conference on Environmental Disaster Management & Prediction (ICEDMP-2014)** will be held at **Gangneung Campus of Gangneung-Wonju National University**, Gangwondo, Republic of Korea from **August 18 ~ 20, 2014**. The objective of this conference is to promote mutual exchange of scientific knowledge and technology for the Management of Environmental Disaster and Its Prediction focused on Air Pollution & Atmospheric Environment, Water Pollution and Water Disaster, Ocean Environment & Ocean Engineering, Geo sciences, Mining Engineering and Geoinformation Technology & Satellite, but not limited to the above fields.

Please click below for more detail information on this conference.

<http://atmos.gwnu.ac.kr/ch/ICEDMP-2014>

ICEDMP-2014

The **ICEDMP-2014** conference will be held at **Gangneung Campus of Gangneung-Wonju National University**, Gangwondo, Republic of Korea from **August 18 ~ 20, 2014**. **Gangneung-Wonju National University** is a comprehensive educational system of which consists 9 Colleges and has separately each campus at two different cities - **Gangneung** (old name - Kangnung) and **Wonju** near Seoul.

The objective of this conference is to promote mutual exchange of scientific knowledge and technology for the Management of Environmental Disaster and Its Prediction focussed on Air Pollution & Atmospheric Environment, Water Pollution and Water Disaster, Ocean Environment & Ocean Engineering and Geoinformation Technology & Satellite, but not limited to the above fields.

For the future collaborative researches for the theoretical and applicable improvements on various environmental issues among Asian countries as well as European and North and South American countries, it is necessary to compose the above research area for effective oral and poster presentations at this conference.

Gangneung city is located about 230km away from Seoul to the east, and it has beautiful mountain and sea scenes with hot springs in the west and sea shores in the east. Gangneung city is the biggest city in the east coastal region of Korea and characterized by well organized infra-structure and education system. **Express Highway** and **Train railway** are connected with **Seoul** and **Inchon International Airport** in the west and **Busan** in the south.

Furthermore, **Yang Yang International Airport** (50km away from Gangneung city to the north) has **direct air routes to 8 cities of China** (ex., **Shanghai-Yang Yang**, **Hangzhou-Yang Yang**, **Wuhan-Yang Yang**, **Changsha-Yang Yang**, etc.) and **Taipei-Yang Yang in Taiwan**. In domestic region, **Yang Yang to Seou**, **Busan** and **Jeju** cities.

This city has been famous by not only various kinds of traditional heritage, but also up-to-date research facilities in 4 universities including **Gangneung-Wonju National University** (conference place) and several government research institutes such as Gangwon Regional Meteorological Administration, Donghae Fishery Research Institute (National Fishery Research & Development Institute), Salmon Research Centre, a branch institute of Korea Institute of Science & Technology (KIST) and others.

In general, many a tourist visit Gangneung city and its vicinity with beautiful mountains and seashore for skiing, hot spring, mountain climbing, fishing, surfing, buying fresh fishes and eating shashimi in the harbors. Visitors may be able to enjoy various and delicious dishes of not only roast beef and chicken with ginseng root, but also Kingcrab and shashimi at a cheap price at various restaurants.

Gangneung-Wonju National University consists of two campuses at Gangneung city (old name, Kangnung) in the eastern coast and Wonju city near Seoul. This university has 9 colleges (Social Sciences, Natural Sciences, Life Sciences, Engineering, Arts & Physical Education, Dentistry, Culture, Scientific Technique) and 4 Graduate Schools (Graduate School, Graduate School of Management & Policy Science, Graduate School of Education, Graduate School of Industrial Technology) with about 12,000 students. This university has various international exchange programs for student and professors in more than 60 universities in the world.

According to QS World University Rankings, this university was ranked as the **22nd among universities without medical college in Asia** and **6th in Korea in 2010**. She is ranked as the **36th** (the **9th** on research paper quotation index) **in Asia** and the **6th** (the **2nd** on research paper quotation index) **in Korea in 2014**. Many professors received Ph.D degrees from universities of USA, Germany and others in a high rank.

Important Date

0 Abstract Submission	Before July 10, 2014
0 Notification of Acceptance	Before July 10, 2014
0 Early Bird Registration and Extended Abstract Submission	Before July 30, 2014
0 Conference Dates (Tour)	August 18 ~ 20, 2014 (August 20)
0 Full Paper Submission	September 30, 2014

Committees

0 General Chairs

Prof. **Hyo Choi**, Chair, Gangneung-Wonju National University (Korea)
Dr. **Milton S. Speer**, Co-Chair, University of New South Wales (Australia)

0 International Scientific Advisory Committee

Prof. **Hyo Choi**, Former Dean, Graduate School, Gangneung-Wonju National University (Korea)
Dr. **Milton S. Speer**, Climate Change Research Centre, University of New South Wales (Australia)
Prof. **Jonathan Li**, Director, Waterloo Laboratory for GeoSTARS, University of Waterloo (Canada)
Dr. **Iyyanki Murali Krishna**, Director (R&D), JN Technological University (India)
Dr. **Jong Hwa Park**, Director, East Sea Fisheries Research Institute (NFRDI) (Korea)
Dr. **Vyacheslav B. Lobanov**, Deputy Director, V.I.Ill'ichev Pacific Oceanological Institute (Russia)
Prof. **Nitin Kumar Tripathi**, Dean, School of Eng. & Tech. Asian Institute of Technology (AIT) (Thailand)
Prof. **Yuanhang Zhang**, Dean, College of Environmental Sciences, Peking University (China)
Dr. **Dongxiao Wang**, Deputy Director, South China Sea Institute of Oceanology (China)
Prof. **Jun Matsumoto**, Tokyo Metropolitan University (Japan)
Dr. **Saied Pirasteh**, Editor-in-Chief, IGRDJ, University of Waterloo (Canada)
Prof. **Selahattin Incecik**, Istanbul Technical University (Turkey)
Prof. **Kuruvilla John**, Associate Dean, Research & Graduate Studies, University of North Texas (USA)
Prof. **Peter Brimblecombe**, Editor-in-Chief (Atmospheric Environment), University of East Anglia(UK)

0 Technical Committee

Prof. **Hyo Choi**, Former Dean, Graduate School, Gangneung-Wonju National University (Korea)
Dr. **Milton S. Speer**, Climate Change Research Centre, University of New South Wales (Australia)
Prof. **Jonathan Li**, Director, Waterloo Laboratory for GeoSTARS, University of Waterloo (Canada)

0 Local Organizing Committee

Prof. **Hyo Choi**, Editor-in-Chief, Gangneung-Wonju National University (Korea)
Prof. **Jong-Kil Park**, Former President, Korean Environmental Sciences Society, Inje University (Korea)
Prof. **Chulhyen Jang**, Former Vice President, Korean Society of Environmental Engineers (Korea)
Prof. **Chulhoon Hong**, Pukyong National University (Korea)

0 Keynote & Invited Speakers

Prof. **Jonathan Li**, Director, Waterloo Laboratory for GeoSTARS, University of Waterloo (Canada)
Prof. **Fujimoto Noritsugu**, Fukushima University (Japan)

0 Workshop Chair

Dr. **Iyyanki Murali Krishna**, Director (R&D), JN Technological University (India)
(A half day for "Research Workshop on Developing Researcher")

0 Session Chairs

The list of session chairs will be announced on the web site, later. If participant submitted his paper can apply for a position of **Session Chair** or **Invited Speaker** with his CV.

SCOPE

Conference Topics in ICEDMP-2014 Conference

ICEDMP-2014 conference aims at promoting mutual exchange of scientific knowledge and technology for the Management of Environmental Disaster and Its Prediction on **Air Pollution & Atmospheric Environment, Water Pollution and Water Disaster, Ocean Environment & Ocean Engineering, Geo sciences, Mining Engineering** and **Geoinformation Technology & Satellite**. Scientists related to the indicated research fields are encouraged to participate in this conference, but not limited to the above fields

Major Topics:

a) Atmospheric Environment & Atmospheric Sciences

- > Wind storm generation and prediction
- > Internal gravity waves and hydraulic jump motion to local weather and pollution
- > Fog and Flood forecasting
- > Heat budgets between air & sea, air & land and land & sea
- > Tropical cyclone (Typhoon) prediction and its effect on local weather and Economical impact on damage
- > Cyclogenesis
- > Karman vortex
- > Air quality measurement (particulate matter and gases) and analysis
- > Acid rain and Toxicology
- > Air pollution policy & law
- > Ozone folding & Urban ozone problems
- > Assessment, Monitoring and Control on air pollution
- > Meteorological impact on air quality
- > Yellow Sand (Dust storm) management and prediction
- > Global scale pollution problems & Pollution impact on climate change
- > Industrial emission control & Decision support systems
- > Atmospheric Boundary Layer Process on Air Quality
- > Impact of Dust storm to local air quality
- > Effect of Heavy Dust and CO₂ Depositions on Marine Environment
- > Long term changes and meso-scale variability of atmospheric environment
- > Numerical modeling on atmospheric circulation and ecosystem
- > Numerical modeling on pollutant transportation
- > Remote sensing and satellite applications on precipitation and fog
- > Forest effect on weather and climate changes

b) Oceanic Environment & Engineering

- > Marine disaster prevention and prediction on wind waves and tsunami and Economical impact
- > Numerical prediction of ocean waves, storm surge and current
- > Internal gravity waves affecting ocean SST and salinity distribution
- > Measurement and prediction of oceanic Internal waves
- > Fishery production influenced by the extensions of warm current and cold current
- > Typhoon effect on marine states - SST, ecosystem and fishery production
- > Air-sea interaction and sea fog
- > Long term changes and meso-scale variability of marine environment
- > Impacts of climate changes and anthropogenic activity on ocean and marine ecosystem
- > Impact of atmospheric pollutants on marine pollution
- > Links between physical and biological processes
- > Sea temperature variation on Impacts of marine ecosystem (fishery)
- > Estuary pollution related to coastal ecosystem
- > Ecological assessment of marine environmental systems
- > Analytical and monitoring technologies for buoys and platforms

- > Remote sensing and satellite applications
- > Interdisciplinary studies of oceanography

c) Hydrology and Water Pollution

- > Numerical prediction on flood and stream in an urban area
- > New observational techniques and methods of hydrology
- > Water pollution-analysis and prediction
- > Remote sensing of water pollution control
- > Wetland degradation and ecological restoration
- > Wetland utilization, management and Economical impact
- > Flood warning system and Economical impact

d) Geoinformation Technology & Satellite Application

- > Geographical analysis and GIS application in coastal and open seas
- > Remote sensing and satellite applications
- > Radar applications
- > Realistic 3D topography and landscape
- > Visual based mapping GIS
- > Forest fire and modification
- > Reduction of heating by modification of green field and forest
- > Suggestions on international cooperative program for collaborations

e) Environmental impact to human being and livestock

- > Air pollution (gas, dust, etc.) impact to human being (Health impact) and livestock
- > Water pollution impact to human being (Health impact) and livestock
- > Heat and moist budget (air and soil) affected by urban and local structures and architectures
- > Smart grid system on the occurrence of epidemic (dengue fever, etc.) and Economical impact
- > Acid rain and Toxicology impacts to human being and livestock
- > Indoor pollution and its impact to health
- > Soil pollution impact to human being (Health impact) and livestock
- > Food contamination by pollution and health impact

f) Others

Other research fields (including **Geosciences** and **Mining**) out of the above relevant topic will be welcomed and will be reviewed and accepted with no limitation of research.

Call for papers

(1) Abstract Submission and Acceptance

Prospective presenters are invited to electronically submit an abstract in 200-300 words not later than **July 10, 2014**. The abstract can be sent as an e-mail attachment (**Word format**). The abstract must include paper title, author names and full mailing address, as well as email address of the corresponding author. If you have any difficulty to send an abstract electronically, please use following address. Referring to a sample abstract, **Abstract** should be send to du8392@hanmail.net

0 **Download** : [Sample abstract](#)

Dr. Hyo Choi, Professor
 Dept. of Atmospheric & Environmental Sciences
 College of Natural Sciences, Gangneung-Wonju National University
 120 Gangneung Daehangro, Gangneung
 Gangwondo 210-702
 Republic of Korea
 Tel: +82-10-7240-0357 Fax: +82-33-652-0356
 E-mail: du8392@hanmail.net choihyo@gwnu.ac.kr
 Web: <http://atmos.gwnu.ac.kr/ch> <http://atmos.gwnu.ac.kr/ch/ICEDMP-2014>

Submitted abstracts will be reviewed by Scientific Committee. The author will be notified on the acceptance of the abstract after the completion of review process.

(2) Extended Abstract for Proceeding

The authors of accepted abstracts are required to submit their **extended abstract** for proceeding publication not later than **July 30, 2014**. The page number of each extended abstract is not limited and can be equal to 4 pages with even number or should not exceed 10 pages. Authors are required to prepare their papers based on the guidelines for publication in the proceeding, which should follow the given format on sample extended abstract. The format requirement is very simple and the guidelines are easy to follow a given below sample extended abstract for proceeding. **Extended abstract** should be send to du8392@hanmail.net

0 Download : [sample extended abstract](#)

The proceeding containing your paper will be available at the registration desk of the conference on **August 18-20, 2014**.

(3) Full-length Paper for Special Issues of Journals

The special issues aims at gathering research works on environmental disaster management and prediction. All accepted papers for conference will be presented at conference. Selected papers of conference will be sent for evaluation to three experts of the journal and be peer reviewed after the conference. If Guest Editors of journal approve your manuscripts, then they will be published in Special Issues of International Journals. Candidate journals for special Issues indexed by **SCI, SCOPUS, COPERICUS** and **others** will be **as below**:

- 0 Advances in Meteorology (**SCI**)
 - 0 International Journal of Geoinformatics (**SCOPUS**)
 - 0 American Journal of Environmental Protection (**Copernicus**)
 - 0 American Journal of Environmental Engineering (**Copernicus**)
 - 0 Current Development in Oceanography (**Copernicus**)
 - 0 Advanced Shipping & Ocean Engineering (**WorldCat**)
 - 0 American Journal of Food Science & Technology (**WorldCat**)
- and others

Any paper in the above related areas is welcome to be submitted and peer reviewed by editors. Researchers are encouraged to submit **original unpublished research papers**. Subject areas are indicated in **SCOPE**, but are not limited to the given research fields.

As manuscript formats of journals are very different each other. **Sample manuscript** of each journal for reviewing process will be given at the conference. The deadline of a full paper is **September 30, 2014**. **Publication of selected papers will be done before the end of December, 2014**.

(4) Conference Program

a) [Presentation](#)

ICEDMP-2014 conference held on August 20~22, 2014 at Convention Center (Gangneung Campus), Gangneung-Wonju National University, Gangneung city, Korea will include oral and poster presentations. Presentation language is English and each speaker for oral presentation will be allocated with 15 minutes ~ 20 minutes for presentation and 5 minutes for discussion. Beam project will be equipped for power point presentation. Poster presentations will be posted for lunch time of the first day and exposed through the conference.

b) [Collaboration Meeting](#)

Brief discussion on the current and future collaborative research plan and projects will be held at the end of the conference for about one ~ two hours.

c) Presentation Program

Up-to-date conference program will be informed frequently and final detail presentation schedule will be reported around August 10.

REGISTRATION

REGISTRATION FORM

Name : (Prof/Dr./Mr./Ms) -----
(First name) (Middle name) (Last name/Surname)

Organization: -----

Street:: ----- City: -----

Province: ----- Country: -----

Phone: ----- Fax:: ----- E-mail: -----

* **On-line registration** is strongly encouraged and Registration Form is attached.

0 **Download** : Registration Form

Please indicate your intention below

- I intend to submit a paper and explain it by **Oral** () or **POSTER** () presentation
- I intend to participate in the conference, but will not submit a paper
- I am interested in renting mini-exhibition space

Payment

Registration fee: Including Proceeding, Water, Juice, Coffee, Snack with bread for a break, Lunch, Banquet on the first and second days and a half day tour on the third day without any payment. All participants including **Keynote Speaker, Invited Speaker, Session Chair, Committee Member** and **Guest Editor** for special issues of journals should compulsory pay registration fee without exception.

For participant

US\$350 (W 370,000) () Before July 30, 2014
US\$400 (W 420,000) () After July 30, 2014

For student

US\$250 (W 270,000) () Before July 30, 2014
US\$300 (W 315,000) () After July 30, 2014

* Exchange rate of US\$1 to Korean Won is approximately 1,050 being subject to daily exchange rate of foreign currency and payment will cover as below. For payment of registration fee, exchange rate of US\$1 to Korean won will be applied as 1,100 for the conference period.

Total payment is made by

- Only Cash** at the registration desk on the workshop period-No Credit Card)
*Two ways - 1) Pay Korean Money W420,000 (W315,000 for student)
- 2) Pay USD400 (USD300 for student)
- Bank Draft** (only before conference day)
- Wire Transfer** trough Bank below address (only before conference day)

- * Credit card is not accepted by local organization committee of the conference desk.
- * Payment by Bank Draft or Payment by On-line Bank System such as Wire Transfer through Bank is given as

Deposit Account : Kookmin Bank (Republic of Korea)
Account number : 302-240-223-911
Depositor : Hyo Choi

- * Registration fee does not include publication fee of manuscript on a special issue of the journal.

Publication fee: Proceeding publication fee is free. However, Journal publication fee regarding to special issues of 7-possible publication journals should be directly paid by each author to the publishing company in the reviewing process of the paper after the conference. More information will be given during the conference period.

Meal & Entertainment:

During the conference, coffee, tea, juice, water, light snacks with bread at break time, as well as lunch box will be freely provided for participants. Furthermore, without any payment, banquet will be arranged in the evening of the first and second days and a half day- tour on the third day.

Weather:

Conference period is in the ending time of summer and weather is still hot around 30~32°C for daytime and 20~25°C at night. Frequency of rain is low, but during a typhoon passage, it is high.

 **PUBLICATION**

(1) Proceeding:

The authors of accepted abstracts are required to submit their **extended abstract for proceeding publication** not later than **July 30, 2014**. The page number of each extended abstract is not limited and can be equal to 4 pages with even number or should not exceed 10 pages. Authors are required to prepare their papers based on the guidelines for publication in the proceeding, which should follow the given format on sample extended abstract. The format requirement is very simple and the guidelines are easy to follow a given sample extended abstract for proceeding. **Proceeding publication fee** is free.

The proceeding containing your paper will be available at the registration desk of the conference on **August 18 ~ 20, 2014**.

(2) Special Issue of Journal:

Selected papers will be further peer reviewed by Guest Editors, after the conference for possible publication in 7-international journals. Candidate journals indexed by **SCI, SCOPUS, COPERICUS** and **others** will be **as below**:

- 0 Advances in Meteorology (**SCI**)
- 0 International Journal of Geoinformatics (**SCOPUS**)
- 0 American Journal of Environmental Protection (**Copernicus**)
- 0 American Journal of Environmental Engineering (**Copernicus**)
- 0 Current Development in Oceanography (**Copernicus**)
- 0 Advanced Shipping & Ocean Engineering (**WorldCat**)
- 0 American Journal of Food Science & Technology (**WorldCat**)
- and others

Journal publication fee regarding to special issues of 7-possible publication journals should be directly paid to each journal company by author in the reviewing process of the paper after the conference. More information will be given during the conference period.

As manuscript formats of journals are very different each other, **sample manuscript** of each journal for reviewing process will be given at the conference. The deadline of a full paper is **September 30, 2014**. Publication of selected papers will be done before the end of December, 2014.

Accommodations

Accommodation

Three star hotel	Single room at US\$ 70 ~80 per night	Twin room at US\$ 80 ~ 110 per night
Four star hotel	Single room at US\$ 120 ~ 150 per night	Twin room at US\$ 150 ~ 200 per night
Five star hotel	Single room at US\$ 200 ~ 250 per night	Twin room at US\$ 250 ~ 300 per night

**** Later, I will inform all of participants "Discount Price" of each hotel, considering number of customers.**

In Kyungpo beach, many hotels and motels exist and around the hotels, fish restaurants, coffee shops and 24 hours-small marts also exist. In the downtown area of Gangneung city, you can also meet various restaurant (hamburg, coffee, korean food), shop as 24 hours-mart, traditional common market and Department Store with movie theaters.

(1) Kyungpo Beach Hotel (4 or 5 star hotel) TEL: +82-33-643-6699

- Center of Kyungpo Beach (about 3 km away from the university)
- USD 120 ~ 180 (₩126,000 ~ 190,000. **DC is possible**) for one night **with breakfast (American style)**
- Twin bed (for 2 persons) or One Double bed (for 2 persons)
- No bus route to Gangneung-Wonju National University, but bus route to downtown of the city exists. (Taxi fare is about 2 dollars (₩3,000) to the university)
- There are many hotels, restaurants, coffee shops and 24 hours-small marts in Kyungpo Beach. **(recommended hotel for foreign guest)**

(2) MGM Hotel (3 star Hotel) TEL: +82-33-644-2559 ~ 63 (for 3 or 4 nights, **DC is possible**)

- Kyungpo Beach (about 3 km away from the university)
- USD70 (₩74,000) for one night without breakfast, but the hotel has a coffee shop to sell breakfast. Sauna facility exists
- **Twin bed** (for 2 persons) or One Double bed (for 2 persons)
- No bus route to Gangneung-Wonju national University, but bus route to downtown of the city exists. (Taxi fare is about ₩3,000 to the university)
- There are many hotels, restaurants and 24 hours-small mart in Kyungpo Beach. **(recommended hotel for foreign guest)**

(3) Dong-a Hotel (3 star hotel) TEL: +82-33-648-9011~6

- Downtown of Gangneung city (about 5 km away from the university)
- USD80 (₩85,000) for one night without breakfast (No restaurant inside exists, but 24hours-Korean Restaurant, McDonald, Supermarket and others exist outside this hotel). Using Sauna facility is free..
- One Double bed (for 2 persons), (No single bed and No Twin bed)
- Local bus passes by front gate of the university. Every 15 minutes, you can get on the bus to the downtown or Highway Bus Terminal.
- It takes 10 minutes to the downtown. Bus fare is about ₩1,200 for 1 person, but TAXi fare with 4 persons is about ₩4,000.
- Many kinds of restaurants including 24 hours-Hamburg shop, supermarket are located near the Hotel. **(recommended hotel for foreign guest)**

(4) Olibia Hotel (3 star hotel) TEL: +82-33-648-7511

- Near Highway Bus Terminal which is next building of Outskirt Bus Terminal (Shi Yue Bus Terminal) (about 3 km away from the university)
- USD70 (₩74,000) for one night without breakfast (No restaurant inside exists)--> **DC is possible for more than 2 nights** (Only cash)
- One Double bed (for 2 persons), (One **twin bed** left, No single bed)
- Local bus near Outskirt Bus Terminal (Shi Yue Bus Terminal), every 15 minutes goes to the university and it takes 15 min.

- Many restaurants are inside and outside of Outskirt Bus Terminal including 24hour-small mart.

(5) Hotel Emerald (3 star hotel) TEL: +82-33-644-4810 ~2 -- Next door of **Kyungpo Beach Hotel**

- Center of Kyungpo Beach (about 3 km away from the university)
- W70,000 (weekday) and W90,000 (weekend) for one night without breakfast, You can have breakfast at restaurant of Kyungpo Beach Hotel.
 - > Week day --W80,000, but on Friday and Saturday, the price quickly goes up to W90,000 ~W100,000 (be careful)
- Twin bed (for 2 persons) or One Double bed (for 2 persons)
- No bus route to Gangneung-Wonju national University, but bus route to downtown of the city exists. (Taxi fare is about W3,000 to the university)
- There are many hotels, restaurants, coffee shop including 24 hours-small mart in Kyungpo Beach.

(6) University dormitory

- Facility is quite good, but it is not guaranteed, now.. Gangneung city is a famous resort city. Our university at Gangneung campus (conference place) has three good dormitories supplied at cheaper price for night and breakfast, but the leftovers of room will be reported to the participants near the early of August. Thus, we recommend all of participants to stay at hotels suggested by the organizing committee. If foreign participants want any assistance on the hotel, please let me know.

Signature :

Date :

****Every morning, we will pick up participants from hotels to Gangneung-Wonju National University (the conference place).**

Transportation

0 Seoul -> Gangneung city (Old name - Kangnung)

(1) Incheon/Seoul International Airport (passing by Kimpo Airport) ->Gangneung Bus Terminal

o **07:30 AM ~ 21:30 PM**, Bus leaves for Gangneung city at every one hour or one & a half hour. It takes about 4 hours (normally 3 and a half hours). (Not passing Seoul downtown)

o **Bus fare:** one way - W 30,000 (US\$29) (Incheon international airport <--> Gangneung city, W 24,000 (US\$23) (Kimpo international airport <--> Gangneung city)

o **Bus Stop:**

a) From Incheon/Seoul International Airport

- 1) go just across the road from **Exit Gate #10~12** of Incheon/Seoul International Airport Building, after you finish immigration process.
- 2) Find **NO. C 9** at **Outskirt Bus Terminal (Shi Yue Bus-시외버스)** and buy a ticket for Gangneung at a **small ticket office** and then, get on Bus. (See bus time schedule)
- 3) This bus passes by Kimpo International Airport
- 4) During the bus trip on the highway, you will take a 15 min rest at **Rest Place** for highway bus. There, shops, restaurants and toilet exist. **Remember your bus number.**
- 5) **After a rest, please get on the same bus** for Gangneung city, and then one hour later, you will arrive at Gangneung Bus Terminal.

or

(If you feel difficulty)

After you arrive at Incheon/Seoul International airport and finish immigration process, please go to "**Information Desk**" inside Airport Building and ask how to buy a bus ticket and to get on bus for Gangneung city.

o **Bus Schedule**

Department at Incheon International Airport --> Arrival at Gangneung Bus Terminal		
Incheon/Seoul Intl' Airport (Depart)	Kimpo Airport (Depart)	Gangneung Bus Terminal (Arrival)
07:30	08:00	11:30
09:30	10:00	13:30
11:00	11:30	15:00
12:30	13:00	16:30
13:30	14:00	17:10

15:00	15:30	19:00
16:30	17:00	20:30
18:00	18:30	22:00
19:30	20:00	23:30
21:30	22:00	01:30

o **Bus Schedule**

Department at Gangneung Bus Terminal --> Arrival at Incheon International Airport		
Gangneung Bus Terminal (Depart)	Kimpo Airport (Arrival)	Incheon-Seoul Intl' Airport (Arrival)
04:00	07:30	08:00
